This statement reaffirms Teachers Retirement Association (thereafter “the agency”) is committed to Minnesota’s statewide affirmative action efforts and providing equal employment opportunity to all employees and applicants in accordance with equal opportunity and affirmative action laws.

I affirm my personal and official support of these policies which provide that:

- No individual shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in programs, services, and activities, or subject to harassment, on the basis of race, sex (including pregnancy), color, creed, religion, age, national origin, sexual orientation, gender expression, gender identity, disability, marital status, familial status, status with regard to public assistance, or membership or activity in a local human rights commission.

- The prohibition of discrimination on the basis of sex precludes sexual harassment, gender-based harassment, and harassment based on pregnancy.

- This agency is committed to the implementation of the affirmative action policies, programs, and procedures included in this plan to ensure that employment practices are free from discrimination. Employment practices include, but are not limited to the following: hiring, promotion, demotion, transfer, recruitment or recruitment advertising, layoff, disciplinary action, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. We will provide reasonable accommodation to employees and applicants with disabilities.

- This agency will continue to actively promote a program of affirmative action, wherever females, racial/ethnic minorities, and individuals with disabilities are underrepresented in the workforce, and work to retain all qualified, talented employees, including protected group employees.

- This agency will evaluate its efforts, including those of its directors, managers, and supervisors, in promoting equal opportunity and achieving affirmative action objectives contained herein. In addition, this agency will expect all employees to perform their job duties in a manner that promotes equal opportunity for all.

It is the agency’s policy to provide an employment environment free of any form of discriminatory harassment as prohibited by federal, state, and local human rights laws. I strongly encourage suggestions as to how we may improve. We strive to provide equal employment opportunities and the best possible service to all Minnesotans.

It also indicates the employee’s responsibility to support and implement equal opportunity and affirmative action.

Examples of posters displayed include: Equal Employment Opportunity is the law, Employee Rights under the Fair Labor Standards Act, and the Americans with Disabilities Act Notice to the Public.

Teachers Retirement Association
Retirement Building
60 Empire Drive, Suite 400
St Paul, MN 55103

Job Category Analysis

The agency conducted a Job Category Analysis to determine the percent of protected group employees in each job category. The job category analysis lists job class titles in each Equal Employment Opportunity (EEO) job category at the agency. A job classification is a group of one or more positions with similar duties and responsibilities. These classifications help clarify positions within the class so the same schedules of pay can be applied with equity to all positions in the class that fall under the same, or substantially the same, employment conditions.

Determining Availability

MS 43A.19(b), MS 43A.19(c), Minnesota Administrative Rules 3905.0600 Subp 1, Minnesota Administrative Rules 3905.0600 Subp 2, Minnesota Administrative Rules 3905.0600 Subp 3C, and Minnesota Administrative Rules 3905.0600 Subp 3D

The agency used the United States Census Bureau’s EEO Tabulation 2014-2018 American Community Survey (ACS) statistical data for external availability, which is the most current statistical information available at the time of developing this affirmative action plan. The feeder job statistics of employees are used for internal availability (refer to Appendix D. Feeder Jobs for details).

These external and internal factors are weighted according to the agency’s past hiring patterns and/or future recruitment focus to obtain the final availability (Refer to Appendix E. Determining Availability for details).

Utilization/Comparing Employees to Availability, Goal Establishment, and Timetables

Utilization is an analysis of affirmative action and equal opportunity employment data used to assess the available workforce for a given state.
Underutilization Analysis worksheets are attached in the appendices. Numbers less than 10 are indicated with “<10” in accordance with Minnesota Management and Budget’s guidance on data privacy.

Through the utilization and availability analysis, the agency has determined which job categories are underutilized for females, racial/ethnic minorities, and individuals with disabilities in the agency and has set hiring goals for the next two years. Hiring goals are objective and used for making good faith efforts for all aspects of the affirmative action plan. Effective hiring goals are strategic, actionable, and measurable efforts the agency is committed to pursuing and implementing in 2022-2024.

The goals are not quotas, nor do they require protected group status-based hiring preferences. They are aspirational goals so that the agency makes good faith efforts to remove barriers to equal employment opportunity.

The agency used the whole person rule to establish a hiring goal. This means when the actual representation percentage of females, racial/ethnic minorities, or individuals with disabilities is less than reasonably would be expected given the workforce participation in the labor market area/reasonable recruitment area and that difference is at least one whole person (more than 1), then a goal is established for that job category.

When a hiring goal for a job category is established, a percentage goal equals to the final availability percentage is calculated for females, racial/ethnic minorities, and individuals with disabilities in that job category.

In Appendix F. the Utilization Goals indicates if a job category by protected group is underutilized. Area(s) in the agency’s workforce that require further monitoring appear in the “Establish Goals?” column as:

- “Yes”: there is underutilization.
- “Monitor”: the agency needs to monitor the job it may be underutilized where employee movement occurs.

In Table 2. Hiring Goals by Job Category and Protected Group, if a protected group in a job category shows “Monitor,” the agency will proactively make good faith efforts to recruit external qualified protected groups. The agency will also train and retain employees in the job category to help prevent underutilization due to an employee move or attrition.

Refer to Appendix F. Utilization-Goals for details for underutilization and hiring goals.

The agency does not have underutilization for this plan year.
Identification of Areas for Further Monitoring

Minnesota Administrative Rules 3905.0400 Subp. 1 Item H, Minnesota Administrative Rules 3905.0600 Subp 6, and MS 43A.19 Subd. 1(a)(3) for separations

Monitoring personnel activities can serve as a means of measuring the agency’s progress toward achieving the established goals in the absence of discrimination and effectiveness of the agency’s good faith efforts.

Progress Reports

The progress report examines hiring goals established in the prior Affirmative Action Plan. As a part of the agency’s monitoring practices, the agency evaluated if it met the hiring goal(s) established in the prior Affirmative Action Plan (refer to Appendix A. Progress Report).

Appendix A. Progress Report includes only job categories that have hiring goal(s) established in the prior Affirmative Action Plan and it evaluates if the agency attained the hiring goal(s).

Where the indication of the “Goal Met?” column is:

- “Yes”: the agency met the goal established in the prior Affirmative Action Plan.
- “No”: the agency did not attain the goal established in the prior Affirmative Action Plan.
- “No Hire/Prom”: there were no opportunities in the prior Affirmative Action Plan period.

Females

Teachers Retirement Association had a slight underutilization of women within professional-level positions for the prior affirmative action plan. In the two years since, Teachers Retirement Association hired and promoted more women than men, and has thus met its goal.

To attract additional candidates to our vacant positions, online recruiting activity was increased over the last two years. Aside from posting on the State of Minnesota’s government career website, our postings are now typically placed on university and college alumni career websites, county websites, and our own external website, at a minimum. Regular social media posting by our HR Director, managers, and supervisors has been implemented as well. Minimum qualifications for our professional-level Retirement Services Specialist Series positions were also amended to remove an applicant standardized testing requirement. Eliminating employment barriers and increasing Teacher Retirement Association’s online presence are both believed to have contributed to meeting our female hiring goal for the professional job category.

We will continue to monitor movement and hiring of female employees in the official/administrator and technician categories, and implement additional measures, as determined appropriate. As separation, movement, and hiring activity has historically been low for the official/administrator and technician categories due to the small number of positions we have in these areas and our high retention rate, we anticipate that a ‘monitoring’ indicator will frequently be present for these categories.
Racial/Ethnic Minorities
The agency did not have hiring goals in any job category for this protected group in the prior affirmative action plan. While “Monitor” indicators were present for the job categories of official/administrator, professional, and technician with the prior affirmative action plan, they are no longer present for professional. They are now, however, present for administrative support. We will continue to monitor separation, movement, and hiring of racial/ethnic minority employees in the official/administrator, technician, and administrative support categories, and implement additional measures, as determined appropriate. As separation, movement, and hiring activity has historically been low for the official/administrator, technician, and administrative support categories due to the small number of positions we have in these areas and our high retention rate, we anticipate that a ‘monitoring’ indicator will frequently be present for these categories.

Individuals with Disabilities
The agency did not have hiring goals in any job category for this protected group in the prior affirmative action plan. “Monitor” indicators were present for the job categories of official/administrator, technician, and administrative support with the prior affirmative action plan, and they presently remain. We will continue to monitor separation, movement, and hiring of employees with disabilities in the official/administrator, technician, and administrative support categories, and implement additional measures, as determined appropriate. As separation, movement, and hiring activity has historically been low for the official/administrator, technician, and administrative support categories due to the small number of positions we have in these areas and our high retention rate, we anticipate that a ‘monitoring’ indicator will frequently be present for these categories.

Separations
Appendix B. Separation Analysis shows the results by separation type and the protected group during the prior affirmative action plan period to evaluate and identify potential action area(s) for retention strategies for the 2022-2024 plan year.

The separation percentages were derived within the separation type by protected group to identify impact on protected group members. There are two examinations in this worksheet:

1. The total percentage indicates the percentage by separation type. For example, there were 1,000 separations in total. Of those separations, 150 employees separated due to dismissal or non-certification. The dismissal or non-certification percentage is 15.00% (10 divided by 1,000).

2. The “percentage type1” indicates percentage by protected group type within a separation type. For example, there were 150 separations by dismissal or non-certification in total. Of those separations, 80 were female employees. The female dismissal or non-certification separation is
53.33% (80 divided by 150). Therefore, the “percentage type<sup>1</sup>” analyzes the percent of protected group compromised in each separation type.

3. The “percentage type<sup>2</sup>” indicates percentages by separation type within the protected group. For example, there were 500 female separations in total. Of those separations, 80 female employees separated due to the dismissal or non-certification reason. The female dismissal or non-certification separation is 16.00% (80 divided by 500). Therefore, the “percentage type<sup>2</sup>” analyzes the percent of separation type within the protected group.

The agency’s affirmative action plan is designed to implement the provisions of this affirmative action plan and meet requirements found in Minnesota Statutes, section 43A.191 Subdivision 2. These Action-Oriented Programs are carried out throughout this affirmative action plan period.

The agency does not have underutilization for this affirmative action plan period. However, this section presents the agency’s good faith efforts to monitor and maintain equal opportunity for females, racial/ethnic minorities, and individuals with disabilities.

Corrective Actions

This section identifies ways the agency will eliminate barriers, provide corrective actions, and make good faith efforts toward the affirmative action goals for underutilized protected groups (broken down by specific job categories).

The agency developed the below action-oriented programs specific to the job category/protected group(s) identified in the “Identification of Areas for Further Monitoring” section supported by the “Utilization/Availability Analysis, Establishment of Statement of Goals, and Timetable” and “Personnel Activities” sections.

Action-Oriented Programs

This section provides an overview of the agency’s general efforts and actions to ensure equal employment opportunity. Agencies have reviewed barriers to hiring during the previous plan period and identified recruitment strategies, processes, and training to address underutilization for this plan year.

Barriers

The agency has constraints to address underutilization and areas for monitoring identified in the previous section.

- **Limited anticipated number of open positions due to agency’s small size and State of Minnesota hiring freeze that was in effect until July 1, 2021.**
- **Limited outreach and recruitment opportunities due to the continued pandemic.**
- **Unwillingness of employees to self-identify, including racial/ethnic employees and individuals with disabilities. This will affect the representation of employees in protected groups.**
- **Limited human resources staff to participate in employee recruitment, engagement, and retention efforts. For the entirety of the plan period, TRA only had one human resources incumbent. Effective July 25, 2022, TRA has hired a second human resources employee.**

Recruitment and Processes

The agency takes the following actions to improve recruitment and increase the number of qualified females, racial/ethnic minorities, and individuals with disabilities in the applicant pool:

- **The agency will continue to place and/or distribute advertisements of job opportunities through the State of MN Career site (https://mn.gov/mmb/careers/search-for-jobs/); Indeed; the MMB Diversity email distribution list; university and college alumni job boards; Minnesotaworks.net; LinkedIn; the TRA external website; county websites; and internal communications for the agency.**
- **The agency will continue to consider female, racial/ethnic minorities, and individuals with disability applicants for all positions for which they qualify.**
- **The agency will continue to participate in job fairs, as time permits. The agency will have two Human Resources staff moving forward, so capacity for attending recruitment events may slightly increase from the prior plan period.**
- **The agency will continue to use the EEO tag line on all job postings and advertisements.**
- **The agency will continue to publish recruitment materials and media depicting individuals representing protected groups.**
- **The agency will continue to review/evaluate job postings to eliminate non-inclusive language and revise qualifications that may be creating employment barriers.**
• The agency will actively seek out community partnerships, as time permits, to establish pipelines for future hiring needs. This includes actively seeking out partnerships with organizations that cater to diverse job seekers.

**Persons Responsible:**

- Stephanie Summerville, Human Resources Director
- Justin Johnson, Human Resources Associate

**Retention**

The agency will take the following actions to improve retention of females, racial/ethnic minorities, and individuals with disabilities:

- **Continue to survey all employees about work from home experiences, and return to work concerns to aid in retention efforts during the pandemic and beyond.** Evaluate responses to inform return to work planning, and to learn of opportunities to provide employees with additional supports as they continue to work from home.

- **In collaboration with MMB’s MAD division, survey employees on engagement to aid in retention efforts.** Evaluate responses in comparison to other state agencies, to gain additional insight to how TRA employees are feeling about their employment. Use survey information to continue to inform employee engagement actions, and implement steps to address any workplace deficiencies that may be contributing to employee dissatisfaction and/or separation.

- **Expand use of the TRA-specific exit interview process to gain more insight into why employees may be separating to aid in retention efforts.** Continually evaluate responses received in order to further implement corrective actions.

- **Continue to evaluate performance management and individual development practices to aid in retention efforts and in knowledge transfer or cross-training efforts.** Utilize creative solutions regularly recommended by TRA’s Performance Coaching and Employee Engagement teams to enhance employee engagement and encourage employee success.

- **Continue to have all employees meet regularly (at least monthly) with their management to ensure job expectations are clear and training gaps are promptly identified.**

- **Encourage all new hires to receive applicable trainings for their career development.**

- **Ensure an inclusive work environment and equal opportunities for all employees.**

- **Develop and communicate to employees’ leadership ladder/succession planning.**

**Persons Responsible:**

- Stephanie Summerville, Human Resources Director
- Justin Johnson, Human Resources Associate
- Agency Managers and Supervisors
Training

The agency will take the following actions to improve retention of females, racial/ethnic minorities, and individuals with disabilities:

- Continue to conduct cross-learning programs to develop employee’s skill and competencies.
- Continue to provide quality on-boarding orientations.
- Continue to announce training opportunities to all employees.
- Continue to broadly announce all promotion and transfer opportunities.
- Explore broader use of mentorships and learning cohorts, as opportunity permits.

Persons Responsible:

- Stephanie Summerville, Human Resources Director
- Justin Johnson, Human Resources Associate

Methods of Auditing, Evaluating, and Reporting Program Success

Minnesota Administrative Rules 3905.0400, subpart 1, item I

Pre-Employment Review Procedure/Monitoring the Hiring Process

The Affirmative Action Officer (AAO)/Human Resources (HR) Director will advise hiring managers and supervisors of protected class disparities for each new position.

The AAO/HR Director will evaluate the selection process to determine if requirements unnecessarily screen out a disproportionately number of women, minorities, or individuals with disabilities. The agency will use the Monitoring the Hiring Process form for every hire to track the number of females, racial/ethnic minorities, and individuals with disabilities in each stage of the selection process. Directors, managers, and supervisors will work closely with the AAO/HR Director in reviewing the requirements for the position, posting the position, and interviewing and selection to ensure that equal opportunity and affirmative action are carried out. Directors, managers, and supervisors must document their hiring decisions as appropriate and the AAO/HR Director will review for bias.

An agency that does not meet its hiring goals for competitive appointments, and noncompetitive appointments under MS 43A.08, subd. 1(9), (11) and (16), and 43A.15, subd. 3, 10, 12, and 13, must justify its non-affirmative action hires. The affirmative action statute was amended in 2019 so agencies can no longer take missed opportunities. The agency will report the number of affirmative and non-affirmative hires to MMB on a quarterly basis.

Prior to the commencement of the interview process, the hiring manager shall submit a list of uniform job-related interview questions, and the related scoring system, to the AAO/HR Director. The AAO/HR Director shall review and approve all interview questions and scoring systems prior to the release of candidate resumes to ensure nondiscrimination and equal opportunity.

When candidates are invited to participate in the selection process, employees scheduling the selection process will describe the process to the candidate (e.g., interview process, testing process). All candidates are provided information regarding the procedure to request reasonable accommodations, if necessary, to allow candidates with disabilities equal opportunity to participate in the selection process. For example, describe if interview questions are offered ahead of time or what technology may be used during a test. This allows for an individual with a disability to determine if they need a reasonable accommodation in advance.

All employees involved in the selection process are trained and accountable for the agency’s commitment to equal opportunity and the affirmative action plan and its implementation.

Pre-Review Procedure for Layoff Decisions

The AAO/HR Director is responsible for reviewing all pending layoffs to determine their effect on the agency’s affirmative action goals and timetables.
If it is determined that there is a disparate impact on protected groups, the agency will document the reasons why the layoff is occurring, such as positions targeted for layoff, applicable personnel policies or collective bargaining agreement provisions, or other relevant reasons. The agency will determine if other alternatives are available to minimize the disparate impact on protected groups.

**Other Methods of Program Evaluation**

The agency submits the following compliance reports to MMB as part of the efforts to evaluate the agency’s affirmative action plan:

- Quarterly Monitoring the Hiring Progress Reports
- Biannual Affirmative Action Plan
- Annual Americans with Disabilities Act Report
- Annual Internal Complaint Report
- Disposition of Internal Complaint (submitted to MMB within 30 days of final disposition)

The agency also evaluates the Affirmative Action Plan in the following ways:

- Monitors progress toward stated goals by job category
- Analyzes employment activity (hires, promotions, and terminations) by job category to determine if there is disparate impact
- Analyzes compensation program to determine if there are patterns of discrimination
- Reviews the accessibility of online systems and websites, and ensures that reasonable accommodations can be easily requested
- Discusses progress with agency leadership on a periodic basis and makes recommendations for improvement

C. Complaint Procedure for Processing Complaints Under the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy:

The agency has established the following complaint procedure to be used by all individuals alleging harassment, discrimination, or retaliation in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy. Coercion, retaliation, or intimidation against anyone filing a complaint or serving as a witness under this procedure is prohibited.

Who May File:

Any individual who believes that they have been subject to harassment, discrimination, or retaliation in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy is encouraged to use this internal complaint procedure.

If the individual chooses, a complaint can be filed externally with the Minnesota Department of Human Rights (MDHR), the U.S. Equal Employment Opportunity Commission (EEOC), or through other legal channels. The MDHR, EEOC and other legal channels have time limits for filing complaints; individuals may contact the MDHR, EEOC, or a private attorney for more information.

Retaliation against any person who has filed a complaint either internally through this complaint procedure or through an outside enforcement agency or other legal channels is prohibited.

Individuals who knowingly file a false complaint will be subject to disciplinary or corrective action.

The following are the procedures for filing a complaint:

1. The individual may, but is not required to, complete the “Harassment and Discrimination Prohibited/Sexual Harassment Prohibited Policies Complaint Form” provided by the Affirmative Action Officer or designee. Individuals are encouraged to file a complaint within a reasonable
period of time after the individual becomes aware that a situation may involve conduct in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy. The Affirmative Action Officer or designee will, if requested, provide assistance in filling out the form.

2. The Affirmative Action Officer or designee determines if the complainant is alleging conduct in violation of the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy; or if the complaint instead is of a general personnel concern or a general concern of respect in the workplace.

- If it is determined that the complaint is not related to conduct that would violate the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy, but rather involves general personnel concerns or general concerns of respect in the workplace, the Affirmative Action Officer or designee will inform the complainant, in writing, within ten (10) business days.

- If it is determined that the complaint is related to conduct that would violate the Harassment and Discrimination Prohibited Policy or the Sexual Harassment Prohibited Policy, the Affirmative Action Officer or designee will determine whether corrective action may be taken without an investigation. If it is determined that an investigation is necessary, the Affirmative Action Officer or designee shall investigate the complaint.

3. The Affirmative Action Officer or designee shall create a written investigation report of every investigation conducted. If the investigation shows sufficient evidence to substantiate the complaint, appropriate corrective action will be taken.

4. Within (60) days after the complaint is filed, the Affirmative Action Officer or designee shall provide a written answer to the complainant, unless reasonable cause for delay exists. The complainant will be notified if the written answer is not expected to be issued within the sixty (60) day period. The written answer to the complainant must comply with the data privacy restrictions of the Minnesota Government Data Practices Act.

5. Disposition of the complaint will be filed with the Commissioner of Minnesota Management and Budget within thirty (30) days after the final determination.

6. The status of the complaint may be shared with the complainant(s) and respondent(s). All data related to the complaint are subject to the provisions of the Minnesota Government Data Practices Act.

7. The Affirmative Action Officer or designee shall maintain records of all complaints, investigation reports, and any other data or information the Affirmative Action Officer or designee deems pertinent for seven (7) years after the complaint is closed.
8. In extenuating circumstances, the employee or applicant may contact the State Affirmative Action Officer in the Office of Equal Opportunity at Minnesota Management and Budget for information regarding the filing of a complaint (for example, if the complaint is against the agency head or the agency Affirmative Action Officer).

E. Statewide ADA Reasonable Accommodation Policy Statewide HR/LR Policy #1433: ADA Reasonable Accommodation Policy

OVERVIEW

Objective

The goals of this policy are:

- To ensure compliance with all applicable state and federal laws;
- To establish a written and readily accessible procedure regarding reasonable accommodation, including providing notice of this policy on all job announcements;
- To provide guidance and resources about reasonable accommodations;
- To provide a respectful interactive process to explore reasonable accommodations; and
- To provide a timely and thorough review process for requests for reasonable accommodation.

Policy Statement

State agencies must comply with all state and federal laws that prohibit discrimination against qualified individuals with disabilities in all employment practices. All state agencies must provide reasonable accommodations to qualified applicants and employees with disabilities unless to do so would cause an undue hardship or pose a direct threat. Agencies must provide reasonable accommodation when:

- A qualified applicant with a disability needs an accommodation to have an equal opportunity to compete for a job;
- A qualified employee with a disability needs an accommodation to perform the essential functions of the employee’s job; and
- A qualified employee with a disability needs an accommodation to enjoy equal access to benefits and privileges of employment (e.g., trainings, office sponsored events).

Scope

This policy applies to all employees of the Executive Branch and classified employees in the Office of Legislative Auditor, Minnesota State Retirement System, Public Employee Retirement System, and Teachers’ Retirement System.

Definitions

**Applicant** - A person who expresses interest in employment and satisfies the minimum requirements for application established by the job posting and job description.

**Americans with Disabilities Act (ADA) Coordinator** - Each agency is required to appoint an ADA coordinator or designee, depending on agency size, to direct and coordinate agency compliance with Title I of the ADA.
**Direct Threat** - A significant risk of substantial harm to the health or safety of the individual or others that cannot be eliminated or reduced by reasonable accommodation.

The determination that an individual poses a direct threat shall be based on an individualized assessment of the individual's present ability to safely perform the essential functions of the job.

**Essential Functions** - Duties so fundamental that the individual cannot do the job without being able to perform them. A function can be essential if:

- The job exists specifically to perform the function(s); or
- There are a limited number of other employees who could perform the function(s); or
- The function(s) is/are specialized and the individual is hired based on the employee’s expertise.

**Interactive Process** - A discussion between the employer and the individual with a disability to determine an effective reasonable accommodation for the individual with a disability. To be interactive, both sides must communicate and exchange information.

**Individual with a Disability** - An individual who:

- Has a physical, sensory, or mental impairment that substantially limits one or more major life activities; or
- Has a record or history of such impairment; or
- Is regarded as having such impairment.

**Qualified Individual with a Disability** - An individual who:

- Satisfies the requisite skill, experience, education, and other job-related requirements of the job that the individual holds or desires; and
- Can perform the essential functions of the position with or without reasonable accommodation.

**Major Life Activities** - May include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

**Medical Documentation** - Information from the requestor’s treating provider which is sufficient to enable the employer to determine whether an individual has a disability and whether and what type of reasonable accommodation is needed when the disability or the need for accommodation is not obvious. Medical documentation can be requested using the standardized [Letter Requesting Documentation for Determining ADA Eligibility from a Medical Provider](#).
**Reasonable Accommodation** - An adjustment or alteration that enables a qualified individual with a disability to apply for a job, perform job duties, or enjoy the benefits and privileges of employment. Reasonable accommodations may include:

- Modifications or adjustments to a job application process to permit a qualified individual with a disability to be considered for a job; or
- Modifications or adjustments to enable a qualified individual with a disability to perform the essential functions of the job; or
- Modifications or adjustments that enable qualified employees with disabilities to enjoy equal benefits and privileges of employment.

Modifications or adjustments may include, but are not limited to:

- Providing materials in alternative formats like large print or Braille;
- Providing assistive technology, including information technology and communications equipment, or specially designed furniture;
- Modifying work schedules or supervisory methods;
- Granting breaks or providing leave;
- Altering how or when job duties are performed;
- Removing and/or substituting a marginal function;
- Moving to a different office space;
- Providing telework;
- Making changes in workplace policies;
- Providing a reader or other staff assistant to enable employees to perform their job functions, where a reasonable accommodation cannot be provided by current staff;
- Removing an architectural barrier, including reconfiguring work spaces;
- Providing accessible parking;
- Providing a sign language interpreter; or
- Providing a reassignment to a vacant position.

**Reassignment** - Reassignment to a vacant position for which an employee is qualified is a “last resort” form of a reasonable accommodation. This type of accommodation must be provided to an employee, who, because of a disability, can no longer perform the essential functions of the position, with or without reasonable accommodation, unless the employer can show that it will be an undue hardship.

**Support Person** - Any person an individual with a disability identifies to help during the reasonable accommodation process in terms of filling out paperwork, attending meetings during the interactive process to take notes or ask clarifying questions, or to provide emotional support.
Undue Hardship - A specific reasonable accommodation would require significant difficulty or expense. Undue hardship is always determined on a case-by-case basis considering factors that include the nature and cost of the accommodation requested and the impact of the accommodation on the operations of the agency. A state agency is not required to provide accommodations that would impose an undue hardship on the operation of the agency.

GENERAL STANDARDS AND EXPECTATIONS

Individuals who may request a reasonable accommodation include:

- Any qualified applicant with a disability who needs assistance with the job application procedure or the interview or selection process; or
- Any qualified agency employee with a disability who needs a reasonable accommodation to perform the essential functions of the position; or
- A third party, such as a family member, friend, health professional or other representative, on behalf of a qualified applicant or employee with a disability, when the applicant or employee is unable to make the request for reasonable accommodation. When possible, the agency must contact the applicant or employee to confirm that the accommodation is wanted. The applicant or employee has the discretion to accept or reject the proposed accommodation.

The agency must abide by the Minnesota Government Data Practices Act, Chapter 13, in obtaining or sharing information related to accommodation requests.

How to request a reasonable accommodation

An agency applicant or employee may make a reasonable accommodation request to any or all of the following:

- Immediate supervisor or manager in the employee’s chain of command;
- Agency Affirmative Action Officer/Designee;
- Agency ADA Coordinator;
- Agency Human Resources Office;
Any agency official with whom the applicant has contact during the application, interview and/or selection process.

**Timing of the request**

An applicant or employee may request a reasonable accommodation at any time, even if the individual has not previously disclosed the existence of a disability or the need for an accommodation. A request is any communication in which an individual asks or states that he or she needs the agency to provide or change something because of a medical condition.

The reasonable accommodation process begins as soon as possible after the request for accommodation is made.

**Form of the request**

The applicant or employee is responsible for requesting a reasonable accommodation or providing sufficient notice to the agency that an accommodation is needed.

An initial request for accommodation may be made in any manner (e.g., writing, electronically, in person or orally).

The individual requesting an accommodation does not have to use any special words and does not have to mention the ADA or use the phrase "reasonable accommodation" or "disability."

Oral requests must be documented in writing to ensure efficient processing of requests.

Agency request forms can be found at: “[Employee/Applicant Request for Reasonable Accommodation Form](#)”. When a supervisor or manager observes or receives information indicating that an employee is experiencing difficulty performing the job due to a medical condition or disability, further inquiry may be required. Supervisors or managers should consult with the agency ADA Coordinator for advice on how to proceed.

When an employee needs the same reasonable accommodation on a repeated basis (e.g., the assistance of a sign language interpreter), a written request for accommodation is required the first time only. However, the employee requesting an accommodation must give appropriate advance notice each subsequent time the accommodation is needed. If the accommodation is needed on a regular basis (e.g., a weekly staff meeting), the agency must make appropriate arrangements without requiring a request in advance of each occasion.

**The interactive process entails**

Communication is a priority and encouraged throughout the entire reasonable accommodation process. The interactive process is a collaborative process between the employee and/or applicant and the agency to explore and identify specific reasonable accommodation(s). (For information on the Interactive Process see the U.S. Department of Labor, Job Accommodation Network at [http://askjan.org/topics/interactive.htm](http://askjan.org/topics/interactive.htm)). This process is required when:

- The need for a reasonable accommodation is not obvious;
• The specific limitation, problem or barrier is unclear;
• An effective reasonable accommodation is not obvious;
• The parties are considering different forms of reasonable accommodation;
• The medical condition changes or fluctuates; or,
• There are questions about the reasonableness of the requested accommodation.

The interactive process should begin as soon as possible after a request for reasonable accommodation is made or the need for accommodation becomes known.

The process should ensure a full exchange of relevant information and communication between the individual and the agency. An individual may request that the agency ADA Coordinator, a union representative, or support person be present.

The agency ADA Coordinator shall be consulted when:

• Issues, conflicts or questions arise in the interactive process; and
• Prior to denying a request for accommodation.

Agency responsibilities for processing the request

As the first step in processing a request for reasonable accommodation, the person who receives the request must promptly forward the request to the appropriate decision maker. At the same time, the recipient will notify the requestor who the decision maker is.

Executive Director

The Executive Director of the agency or agency head has the ultimate responsibility to ensure compliance with the ADA and this policy and appoint an ADA Coordinator.

ADA Coordinator

The agency ADA Coordinator is the agency’s decision maker for reasonable accommodation requests for all types of requests outside of the supervisors’ and managers’ authority. The agency ADA Coordinator will work with the supervisor and manager, and where necessary, with agency Human Resources, to implement the approved reasonable accommodation.

Supervisors and Managers

Agencies have the authority to designate the level of management approval needed for reasonable accommodation requests for low-cost purchases. For example:

Requests for standard office equipment that is needed as a reasonable accommodation and adaptive items costing less than $100. [Agencies can adjust the dollar amount based on their needs]; and

Requests for a change in a condition of employment such as modified duties, or a change in schedule, or the location and size of an employee’s workspace. [Agencies can choose to delegate specific requests to supervisors or managers or require these types of requests to work through the agency ADA Coordinator].
Analysis for processing requests

Before approving or denying a request for accommodation, the agency decision maker with assistance from the agency ADA Coordinator will:

1. Determine if the requestor is a qualified individual with a disability;
2. Determine if the accommodation is needed to:
   - Enable a qualified applicant with a disability to be considered for the position the individual desires;
   - Enable a qualified employee with a disability to perform the essential functions of the position; or
   - Enable a qualified employee with a disability to enjoy equal benefits or privileges of employment as similarly situated employees without disabilities;
3. Determine whether the requested accommodation is reasonable;
4. Determine whether there is a reasonable accommodation that will be effective for the requestor and the agency; and
5. Determine whether the reasonable accommodation will impose an undue hardship on the agency’s operations.

An employee’s accommodation preference is always seriously considered, but the agency is not obligated to provide the requestor’s accommodation of choice, so long as it offers an effective accommodation, or determines that accommodation would cause an undue hardship.

Obtaining medical documentation in connection with a request for reasonable accommodation

In some cases, the disability and need for accommodation will be reasonably evident or already known, for example, where an employee is blind. In these cases, the agency will not seek further medical documentation. If a requestor’s disability and/or need for reasonable accommodation are not obvious or already known, the agency ADA Coordinator may require medical information showing that the requestor has a covered disability that requires accommodation. The agency ADA Coordinator may request medical information in certain other circumstances. For example when:

- The information submitted by the requestor is insufficient to document the disability or the need for the accommodation;
- A question exists as to whether an individual is able to perform the essential functions of the position, with or without reasonable accommodation; or
- A question exists as to whether the employee will pose a direct threat to himself/herself or others.

Where medical documentation is necessary, the agency ADA Coordinator must make the request and use the Letter Requesting Documentation for Determining ADA Eligibility from a Medical Provider. The agency ADA Coordinator must also obtain the requestor’s completed and signed Authorization for
Release of Medical Information before sending the Letter to, or otherwise communicating with, the medical provider. The employee may choose not to sign the Authorization. However, if the employee chooses not to sign the Authorization, it is the employee’s responsibility to ensure that the agency receives the requested medical information.

Only medical documentation specifically related to the employee’s request for accommodation and ability to perform the essential functions of the position will be requested. When medical documentation or information is appropriately requested, an employee must provide it in a timely manner, or the agency may deny the reasonable accommodation request. Agencies must not request medical records; medical records are not appropriate documentation and cannot be accepted. Supervisors and managers must not request medical information or documentation from an applicant or employee seeking an accommodation. Such a request will be made by the agency ADA Coordinator, if appropriate.

Confidentiality requirements

Medical Information

Medical information obtained in connection with the reasonable accommodation process must be kept confidential. All medical information obtained in connection with such requests must be collected and maintained on separate forms and in separate physical or electronic files from non-medical personnel files and records. Electronic copies of medical information obtained in connection with the reasonable accommodation process must be stored so that access is limited to only the agency ADA Coordinator. Physical copies of such medical information must be stored in a locked cabinet or office when not in use or unattended. Generally, medical documentation obtained in connection with the reasonable accommodation process should only be reviewed by the agency ADA Coordinator.

The agency ADA Coordinator may disclose medical information obtained in connection with the reasonable accommodation process to the following:

- Supervisors, managers or agency HR staff who have a need to know may be told about the necessary work restrictions and about the accommodations necessary to perform the employee’s duties. However, information about the employee’s medical condition should only be disclosed if strictly necessary, such as for safety reasons;
- First aid and safety personnel may be informed, when appropriate, if the employee may require emergency treatment or assistance in an emergency evacuation;
- To consult with the State ADA Coordinator or Employment Law Counsel at MMB, or the Attorney General’s Office about accommodation requests, denial of accommodation requests or purchasing of specific assistive technology or other resources; or
- Government officials assigned to investigate agency compliance with the ADA.

Whenever medical information is appropriately disclosed as described above, the recipients of the information must comply with all confidentiality requirements.

Accommodation Information
The fact that an individual is receiving an accommodation because of a disability is confidential and may only be shared with those individuals who have a need to know for purposes of implementing the accommodation, such as the requestor’s supervisor and the agency ADA Coordinator.

**General Information**

General summary information regarding an employee’s or applicant’s status as an individual with a disability may be collected by agency equal opportunity officials to maintain records and evaluate and report on the agency’s performance in hiring, retention, and processing reasonable accommodation requests.

**Approval of requests for reasonable accommodation**

As soon as the decision maker determines that a reasonable accommodation will be provided, the agency ADA Coordinator will process the request and provide the reasonable accommodation in as short of a timeframe as possible. The time necessary to process a request will depend on the nature of the accommodation requested and whether it is necessary to obtain supporting information. If an approved accommodation cannot be provided within a reasonable time, the decision maker will inform the requestor of the status of the request before the end of 30 days. Where feasible, if there is a delay in providing the request, temporary measures will be taken to provide assistance.

Once approved, the reasonable accommodation should be documented for record keeping purposes and the records maintained by the agency ADA Coordinator.

**Funding for reasonable accommodations**

The agency must specify how the agency will pay for reasonable accommodations.

**Procedures for reassignment as a reasonable accommodation**

Reassignment to a vacant position is an accommodation that must be considered if there are no effective reasonable accommodations that would enable the employee to perform the essential functions of his/her current job, or if all other reasonable accommodations would impose an undue hardship.

The agency ADA Coordinator will work with agency Human Resources staff and the requestor to identify appropriate vacant positions within the agency for which the employee may be qualified and can perform the essential functions of the vacant position, with or without reasonable accommodation. Vacant positions which are equivalent to the employee's current job in terms of pay, status, and other relevant factors will be considered first. If there are none, the agency will consider vacant lower level positions for which the individual is qualified. The EEOC recommends that the agency consider positions that are currently vacant or will be coming open within at least the next 60 days.

**Denial of requests for reasonable accommodation**

The agency ADA Coordinator must be contacted for assistance and guidance prior to denying any request for reasonable accommodation. The agency may deny a request for reasonable accommodation where:
• The individual is not a qualified individual with a disability;
• The reasonable accommodation results in undue hardship or the individual poses a direct threat to the individual or others. Undue hardship and direct threat are determined on a case-by-case basis with guidance from the agency ADA Coordinator; or
• Where no reasonable accommodation, including reassignment to a vacant position, will enable the employee to perform all the essential functions of the job.

The explanation for denial must be provided to the requestor in writing. The explanation should be written in plain language and clearly state the specific reasons for denial. Where the decision maker has denied a specific requested accommodation, but has offered a different accommodation in its place, the decision letter should explain both the reasons for denying the accommodation requested and the reasons that the accommodation being offered will be effective.

**Consideration of undue hardship**

An interactive process must occur prior to the agency making a determination of undue hardship. Determination of undue hardship is made on a case-by-case basis and only after consultation with the agency’s ADA Coordinator. In determining whether granting a reasonable accommodation will cause an undue hardship, the agency considers factors such as the nature and cost of the accommodation in relationship to the size and resources of the agency and the impact the accommodation will have on the operations of the agency.

Agencies may deny reasonable accommodations based upon an undue hardship. Prior to denying reasonable accommodation requests due to lack of financial resources, the agency will consult with the State ADA Coordinator at MMB.

**Determining direct threat**

The determination that an individual poses a “direct threat,” (i.e., a significant risk of substantial harm to the health or safety of the individual or others) which cannot be eliminated or reduced by a reasonable accommodation, must be based on an individualized assessment of the individual’s present ability to safely perform the essential functions of the job with or without reasonable accommodation. A determination that an individual poses a direct threat cannot be based on fears, misconceptions, or stereotypes about the individual’s disability. Instead, the agency must make a reasonable medical judgment, relying on the most current medical knowledge and the best available objective evidence.

In determining whether an individual poses a direct threat, the factors to be considered include:

• Duration of the risk;
• Nature and severity of the potential harm;
• Likelihood that the potential harm will occur; and
• Imminence of the potential harm.

**Appeals process in the event of denial**
In addition to providing the requestor with the reasons for denial of a request for reasonable accommodation, agencies must designate a process for review when an applicant or employee chooses to appeal the denial of a reasonable accommodation request. This process:

- Must include review by an agency official;
- May include review by the State ADA Coordinator; and/or
- Must inform the requestor of the statutory right to file a charge with the Equal Employment Opportunity Commission or the Minnesota Department of Human Rights.

Information tracking and records retention

Agencies must track reasonable accommodations requested and report once a year by September 1st to MMB the number and types of accommodations requested, approved, denied and other relevant information.

Agencies must retain reasonable accommodation documentation according to the agency’s document retention schedule, but in all cases for at least one year from the date the record is made or the personnel action involved is taken, whichever occurs later. 29 C.F.R. § 1602.14.

RESPONSIBILITIES

Agencies are responsible for the request:

- Adoption and implementation of this policy and development of reasonable accommodation procedures consistent with the guidance in this document.

MMB is responsible for:

- Provide advice and assistance to state agencies and maintain this policy.

Within 15 calendar days after receipt of the complaint, Stephanie Summerville or her designee will meet or communicate with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting or communication, Stephanie Summerville or her designee will respond in writing, and where appropriate, in a format accessible to the complainant. The response will explain the position of the Teachers Retirement Association and offer options for substantive resolution of the complaint.

If the response by Stephanie Summerville or her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the Executive Director, Jay Stoffel, or his designee.

Within 15 calendar days after receipt of the appeal, the Executive Director, Jay Stoffel, or his designee will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting, the Executive Director or his designee will respond in writing, and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by Stephanie Summerville or her designee, appeals to the Executive Director or his designee, and responses from these two offices will be retained by the Teachers Retirement Association for at least three years.
I. Americans with Disabilities Act ("ADA") Title II (non-employee) Reasonable Accommodation/Modification in Public Services, Programs or Activities Request Form

J. Evacuation Procedure for Individuals with Disabilities or Otherwise in Need of Assistance

Two attendants will be assigned to each mobility impaired person and will perform the following:

- Relocate the mobility impaired person to the predetermined hold-in place.
- Stay with the mobility impaired person as long as it is safe to do so.
- One attendant evacuates the building and informs the floor monitor of the location of the other two people, while the second attendant remains with the mobility impaired person.
- If it is safe to do so, and upon consent of the mobility impaired person, attendants may provide physical assistance.

A copy of the agency’s weather and emergency evacuation plans can be found at:

Knowledge and preparation by both individuals needing assistance and those who don’t are key to reducing the impact of emergencies. When developing a plan, safety needs should be determined on a case-by-case basis because it varies with each individual and building.

Everyone has a responsibility to develop their own personal emergency evacuation plan, this includes individuals with disabilities or individuals who will need assistance during evacuation.

Directors, managers, and supervisors should review the emergency evacuation procedures with staff, including informing all staff that if additional assistance may be needed, and individuals with disabilities should contact the agency contact(s) below to request the type of assistance they may need.

Contacts:

Capitol Security — 651-296-2100

Emergency ambulance, fire, police — 911 or 651-296-2100

Capitol Security Dispatch (non-emergency) — 651-296-6741

Capitol Security – 1st floor desk – 7:00 AM – 5:00 PM — 651-284-5114

Building Facilities Manager Tim Rekow 651-284-7819

Building Engineer Stacey Folske 651-284-3284
Evacuation Options:
Individuals with disabilities have four basics, possibly five, evacuation options:

- **Horizontal evacuation**: Using building exits to the outside ground level or going into unaffected wings of multi-building complexes;

- **Stairway evacuation**: Using steps to reach ground level exits from building;

- **Shelter in place**: Unless danger is imminent, remain in a room with an exterior window, a telephone, and a solid or fire-resistant door. If the individual requiring special evacuation assistance remains in place, they should dial 911 immediately and report their location to emergency services, who will in turn relay that information to on-site responders. The shelter in place approach may be more appropriate for sprinkler protected buildings where an area of refuge is not nearby or available. It may be more appropriate for an individual who is alone when the alarm sounds;

- **Area of rescue assistance**: Identified areas that can be used as a means of egress for individuals with disabilities. These areas, located on floors above or below the building’s exits, can be used by individuals with disabilities until rescue can be facilitated by emergency responders; and/or

- **For agencies equipped with an evacuation chair**: Evacuation chairs or a light-weight solution to descending stairways can be used and generally require single user operation. If an agency is equipped with an evacuation chair, best practice indicates that all employees are trained and have practiced evacuating using an evacuation chair.

Evacuation Procedures for Individuals with Mobility, Hearing, or Visual Disabilities:
Individuals with disabilities should follow the following procedures:

- **Mobility disabilities (individuals who use wheelchairs or other personal mobility devices ("PMDs")**: Individuals using wheelchairs should be accompanied to an area of rescue assistance by an employee or shelter in place when the alarm sounds. The safety and security staff will respond to each of the areas of rescue assistance every time a building evacuation is initiated to identify the individuals in these areas and notify to emergency responders how many individuals need assistance to safely evacuate.

- **Mobility disabilities (individuals who do not use wheelchairs)**: Individuals with mobility disabilities, who are able to walk independently, may be able to negotiate stairs in an emergency with minor assistance. If danger is imminent, the individual should wait until the heavy traffic has cleared before attempting the stairs. If there is no immediate danger (detectable smoke, fire, or unusual odor), the individual with a disability may choose to wait at the area of rescue assistance until emergency responders arrive to assist them.
• **Hearing disabilities:** The agency’s buildings are equipped with fire alarm horns/strobes that sound the alarm and flash strobe lights. The strobe lights are for individuals with who are deaf and/or hard of hearing. Individuals with hearing disabilities may not notice or hear emergency alarms and will need to be alerted of emergency situations.

• **Visual disabilities:** The agency’s buildings are equipped with fire alarm horn/strobes that sound the alarm and flash strobe lights. The horn will alert individuals who are blind or have visual disabilities of the need to evacuate. Most individuals with visual disabilities will be familiar with their immediate surroundings and frequently traveled routes. Since the emergency evacuation route is likely different from the common traveled route, individuals with visual disabilities may need assistance in evacuating. The assistant should offer assistance, and if accepted, guide the individual with a visual disability through the evacuation route.

**Severe Weather Evacuation Options:**

Individuals in need of assistance during an evacuation have three evacuation options based on their location in their building:

• **Horizontal evacuation:** If located on the ground or basement floor, severe weather shelter areas are located throughout each floor;

• **Elevator evacuation:** If there are no safe areas above the ground floor, the elevator may be used to evacuate to the ground or basement levels; and/or

• **Shelter in Place:** Seeking shelter in a designated severe weather shelter and remaining there until the all clear is used.

**Notes:**
- **Monitor**: Indicates the organization is monitoring the disability representation in the job category.
- **No Data Available**: Indicates no data is available for the job category.

**End of table**
Definitions of Terms Used in This Affirmative Action Plan

**Applicant**: "Applicant" means a person who has satisfied the minimum requirements for application established by the commissioner of management and budget (M.S. 43A.02, subd. 4).

**Availability**: an estimated percentage of qualified females, racial/minorities, or individuals with disabilities in the relevant labor market who are available for positions in a given job category at a state agency. The final availability is determined by considering two factors: the statistics from the outside labor market and the internal state agency workforce for the Affirmative Action Plan year.

**Connect 700 (C700) Program**: an alternative, non-competitive selection process for individuals whose disabilities prevent them from demonstrating their skills in a standard competitive selection process. If selected, this program allows eligible individuals to demonstrate their skills in an on-the-job trial work experience of up to 700 hours. See Minnesota Statutes, section 43A.15, subdivision 14.

**Feeder job**: staffed positions within the agency that can be promoted and/or transferred into other EEO job categories.

**Hiring goal**: a numerical objective designed to correct an identified deficiency in the utilization of protected group members. For example, the professional job category has identified underutilization and the availability is 30%, the goal (or hiring goal) for females in the job category is for 30% of the new hires/rehires and promotions for that Affirmative Action Plan year would be females. Goals/hiring goals should never be implemented as quotas, nor should they be used as criteria in decision-making regarding qualifications.

**Job category**: a group of jobs that are linked by a common purpose and skill set (or sometimes certificates/educational degrees) and are grounded on the job categories identified by the U.S. Equal Employment Opportunity Commission (EEOC).

**Labor market area/Reasonable recruitment area**: a geographic area in which an agency is seeking a worker in a particular goal unit and where there is an available supply of workers employed or seeking jobs in that goal unit.

**Promotion**: the appointment of an employee to a position in a class assigned to a salary range which is two or more steps higher at the maximum than the employee’s current job class or which requires an increase of two or more steps to pay the employee at the minimum of the new range.

**Protected groups**: females, persons with disabilities, and members of the following minorities: Black, Hispanic, Asian or Pacific Islander, and American Indian or Alaskan Native (M.S. 43A.02, subd. 33).

**Snapshot**: one particular point in time. A snapshot of a workforce is taken at one particular point in time as the basis for Affirmative Action Plan analyses because the workforce numbers are always fluctuating.

**Supported Work Program**: The state legislature established the program in 1987 to expand employment opportunities for people with significant disabilities. but has been expanded to include individuals who experience other significant disabilities, including, but not limited to, head injury, mental illness, and deaf blindness. Under the program, a supported worker must require ongoing support and may share a single position with up to two other supported work employees.
Underutilization: the representation of females, racial/ethnic minorities, or individuals with disabilities in a specific job category is less than reasonably would be expected given workforce participation in the labor market area.
